Responding to common claims about Israel

Answering Tough Questions About Israel

by StandWithUs - Flipsnack

Responding to Hatred is a presentation that aims to address the issue of antisemitism and culminates with an empowering suggestion of how we might effectively respond to antisemitism we come across in our own lives.

This presentation may be broken into three sections, namely; identifying classical manifestations of antisemitism (both religious and racial conceptions), antisemitism that is related to Israel, and effective tools for responding to antisemitism. With this framework, parts of this presentation may be removed or reoriented to meet timing or content requirements of your individual community. Just ask our staff!

Bella Schneider

Bella Schneider is a Chicago suburbs native with a BA in journalism and mass communication from Arizona State University. During her time at ASU, Bella was an active member of Alpha Epsilon Phi, the historically Jewish sorority, where she served as Vice President of Recruitment, New Member Educator, and Chapter President. Bella was the 2023 recipient of the AEPH Susan Rudd Cohen Award for Jewish Communal Service for her work combating antisemitism on campus and is a proud StandWithUs Emerson Fellow alum (2022-2023). Bella's passion for Israel comes from her late grandfather, an officer in the Sinai Campaign and a proud Zionist. She further developed her love for Israel when she participated in Onward Israel and interned in Tel Aviv's communications department, working on their social media accounts. When Bella is not connecting with students in the Tri-State region, she can be found running around Central Park with the run club, Nice Jewish Runners.
